Appendix 1: List of Homemaking, Personal Support and Professional Services ..... 20

## 1.0 Statement of Policy

The *Assisted Living Services for High Risk Seniors Policy, 2011* (the “policy”) has been developed to address the needs of high risk seniors who can reside at home and who require the availability of personal support and homemaking services on a 24-hour basis. The policy came into effect on January 1, 2011.

This policy updates and replaces the provisions of the *Assisted Living Services in Supportive Housing Policy, 1994* (ALSSH policy, 1994) that relate to seniors who are frail or cognitively impaired and will apply only to new applicants effective January 1, 2011. The ALSSH policy, 1994 will continue to apply to those frail or cognitively impaired seniors receiving services under that policy on December 31, 2010 and who do not meet the eligibility criteria for high risk seniors under this policy. This policy does not affect the provisions of the ALSSH policy, 1994 relating to persons with physical disabilities, acquired brain injuries or Acquired Immune Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus (HIV).

This policy targets high risk seniors whose needs cannot be met in a cost-effective manner through home and community care services provided solely on a scheduled visitation basis, but who do not require admission to a long-term care home (LTCH).

The intent of the policy is to:

- Enable local communities to address more fully the needs of high risk seniors so that they are able to remain safely at home
- Expand cost-effective and accessible options for community care
- Reduce unnecessary and/ or avoidable hospital utilization and wait-times of acute care services, emergency room (ER) use, and admission to LTCHs
- Provide Local Health Integration Networks (LHINs) with the flexibility to adapt models of care in their local communities
- Strengthen assisted living services to achieve a more functional continuum of care for Ontario’s high risk seniors within each LHIN

The services to be provided under this policy are personal support, homemaking, care co-ordination and security checks or reassurance services (the “assisted living services”). An applicant shall meet the eligibility criteria set out in this policy in order to receive these services. Persons receiving assisted living services may also be eligible for CCAC professional services.

Persons receiving assisted living services shall not receive more than a combined maximum of 180 hours of personal support, homemaking and professional services per month (see Appendix 1 for definitions of these services). Persons whose care requirements exceed the Assisted Living service maximum may require placement in a LTCH or a more complex care environment. Persons waitlisted for a LTCH may be

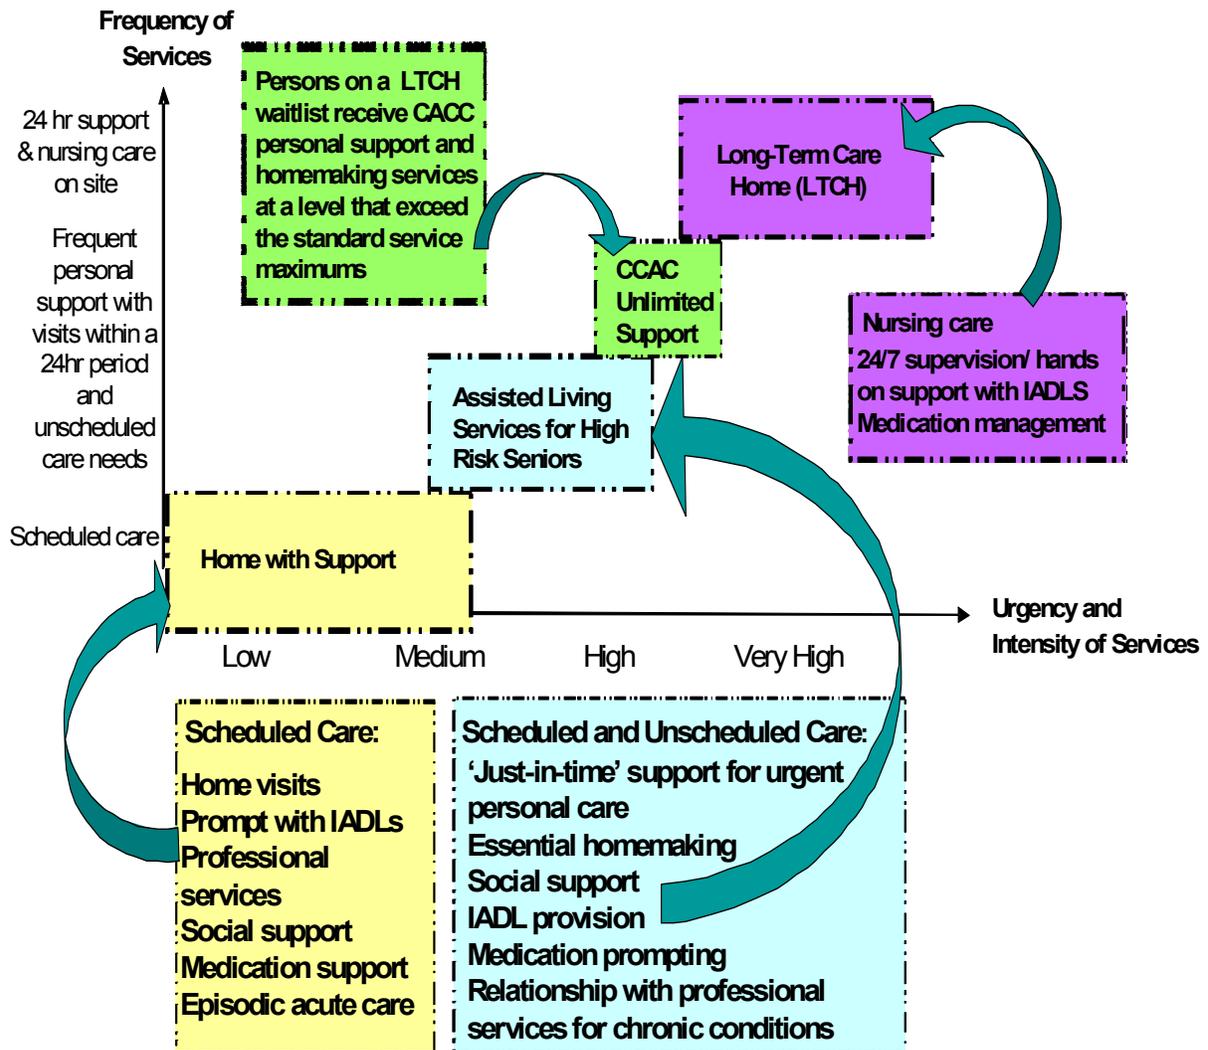

## Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)

eligible for CCAC personal support and homemaking services at a level that exceeds the standard CCAC service maximums for these services.

Assisted living services shall be provided by agencies that are approved to provide these services under the *Home Care and Community Services Act, 1994* (HCCSA – formerly the *Long-Term Care Act, 1994*). The approved agencies shall comply with the HCCSA and the regulations there under as well as all relevant Ministry policies when providing these services. Approved agencies are funded by LHINs as health service providers under the *Local Health System Implementation Act, 2006* (LHSIA).

Assisted living services are part of the continuum of care as shown in Figure 1.

**Figure 1:**

# **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

## **2.0 Objectives/ Measures**

This policy will be evaluated on the extent to which it contributes to:

- Reducing unnecessary and/ or avoidable ER visits by high risk seniors
- Reducing unnecessary and/ or avoidable LTCH admissions by high risk seniors
- Increasing the number of high risk seniors who are discharged from hospital without an Alternate Level of Care (ALC) designation
- Reducing the length of stay for high risk seniors in hospital after ALC designation
- Reducing wait-time to discharge destination for high risk seniors who live in the community
- Increasing the length of time high risk seniors remain safely at home after hospital discharge

Refer to [section 14.0](#) (Performance Management) for details on how these objectives/ measures are to be evaluated.

## **3.0 Alignment with the ALSSH Policy, 1994**

This policy updates and replaces the provisions of the ALSSH policy, 1994 that relate to seniors who are frail or cognitively impaired and will apply only to new applicants effective January 1, 2011. The ALSSH policy, 1994 will continue to apply to those frail or cognitively impaired seniors receiving services under the ALSSH policy, 1994 on December 31, 2010 and who do not meet the eligibility criteria for high risk seniors under this policy. This policy does not affect the provisions of the ALSSH policy, 1994 relating to persons with physical disabilities, acquired brain injuries or Acquired Immune Deficiency Syndrome (AIDS) or Human Immunodeficiency Virus (HIV).

This policy sets out new or updated provisions relating to:

- Eligibility criteria for frail or cognitively impaired seniors (now referred to as “high risk seniors”)
- Service locations
- Roles and responsibilities for care co-ordination
- Protocols and expectations relating to security checks or reassurance services
- Requirements for approved agencies
- Responsibilities for key service delivery functions
- Legislative and regulatory requirements

This policy continues the provisions relating to:

- Personal support and homemaking services as the core assisted living services
- Ministerial approval for premises in buildings designated for assisted living services

# Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)

## 4.0 Relevant Legislation

Approved agencies delivering assisted living services under this policy shall comply with all relevant legislation and the regulations thereunder, including:

- *Home Care and Community Services Act, 1994*, S.O. 1994, c.26
- *Community Care Access Corporations Act, 2001*, S.O. 2001, c.33
- *Local Health System Integration Act, 2006*, S.O. 2006, c.4
- *Health Care Consent Act, 1996*, S.O. 1996, c.2, Sched. A
- *Substitute Decisions Act, 1992*, S.O. 1992, c.30
- *Personal Health Information Protection Act, 2004*, S.O. 2004, c.3, Sched. A
- *Ministry of Health and Long-Term Care Appeal and Review Boards Act, 1998*<sup>1</sup>, S.O. 1998, c.18, Sched. H

## 5.0 Assisted Living Services

The following are the assisted living services available to eligible high risk seniors:

1. Personal Support Services<sup>2</sup> including dressing, personal hygiene, assisting with mobility, assisting and monitoring medication use and other routine activities of living. These services shall be available at all times (24/7) both on a scheduled and unscheduled basis.
2. Homemaking services including shopping, housecleaning, and meal preparation that are necessary to maintain people in their own residences but that they are unable to perform safely for themselves. These services shall be available at all times (24/7) both on a scheduled and unscheduled basis.
3. Security checks or reassurance services including visits to assure client health or safety. These services shall be provided to address the individual needs of clients based on their clinical condition or environment. These services shall be available at all times (24/7) both on a scheduled and unscheduled basis.
4. Care Co-ordination including co-ordinating all elements of client care. The care co-ordination role shall include the assessment of applicants' needs, determination of eligibility based on the eligibility criteria set out in this policy, and the development, review, evaluation and revision of a plan of service relating to the provision of assisted living services ([section 10](#)).

Care co-ordination shall include regular and ongoing communication with Community Care Access Centres (CCACs), community support service agencies, community social and recreational services, community primary health care professionals (e.g. GPs, family health teams, geriatric and psychogeriatric services,

---

<sup>1</sup> To access Ontario legislation go to: [e-laws Ontario](#)

<sup>2</sup> See [Appendix 1](#) for the full list of personal support and homemaking services, or refer to the subsections 2(5) and 2(6) of the HCCSA.

## **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

mental health services, and palliative care services), and with agencies providing disability aids, assistive devices and home help equipment.

Care co-ordination shall also include developing effective working relationships with other health/ social service agencies located in the designated geographic service area (see [section 8.0](#)) and supporting client and caregiver social networks. This may involve planning for anticipated future health care requirements in co-operation with the client and establishing linkages to other services to help ensure continuity of care.

### **6.0 Eligibility Criteria**

An approved agency shall not provide assisted living services to a person unless the person meets all of the following eligibility criteria:

1. The person shall be an insured person under the *Health Insurance Act*;
2. The person shall require personal support and homemaking services on a 24-hour basis and have care requirements that cannot be met solely on a scheduled visitation basis. The person shall require services to be delivered in a frequent, urgent, and intense manner described as follows:
  - **Frequent** meaning that the individual has needs where intermittent visits through the day may be necessary
  - **Urgent** meaning that the individual has concerns that warrant a prompt response that cannot wait to be scheduled
  - **Intense** meaning that the individual's condition or predicament demands direct personal attention from staff to address needs;
3. Subject to the exception below, the person shall meet the characteristics in profile 1, 2 or 3 of the Characteristics of a High Risk Senior Table in [section 6.1](#) of this policy.
4. The person shall not be on a waiting list for a LTCH;
5. The person shall reside in a LHIN approved designated geographic service area ([section 8.0](#)) but shall not reside in a retirement home within the meaning of the *Retirement Homes Act, 2010* within that area.
6. The person shall be able to remain safely at home between visits;
7. The person shall not require immediate or 24-hour availability of nursing care or other professional services;
8. The person's home shall have the physical features necessary to enable the services to be provided; and
9. The risk that a service provider who provides the services to the person will suffer serious physical harm while providing the services must not be significant or, if it is significant, the service provider must be able to take reasonable steps to reduce the risk so that it is no longer significant.

***Exception: Despite criteria 3 above, if an approved agency determines that extraordinary circumstances exist that justify the provision of assisted living services to a person who does not meet the characteristics in profile 1, 2 or 3 of Table 1, the approved agency may provide these services to the person provided that the person meets all of the other criteria set out above.***

# Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)

## 6.1 Characteristics of a High Risk Senior

Approved agencies shall use the InterRAI common assessment instrument as a guide to determine whether an applicant for assisted living services meets the characteristics in profile 1, 2 or 3 of the Characteristics of a High Risk Senior Table set out below.

While the standardized assessment instrument will provide an objective assessment of need and guide in the determination of eligibility, the results of the assessment shall include the preferences of the client or his/her substitute decision-maker, if any.

### Characteristics of a High Risk Senior Table 1<sup>3</sup>

<p><u>Profile #1</u></p> <p>a) The applicant has an informal caregiver, who may or may not be living with the applicant, and the informal caregiver is able to provide the required support to the applicant (e.g. provide direction to staff, manage challenging behaviours and potential hazards in the home).</p> <p>AND</p> <p>b) The applicant has a MAPLe Score of 4 or 5. Applicants fitting this profile would typically have a combination of some or all of the following:</p> <ul style="list-style-type: none"><li>• Needs assistance with dressing, toileting, transfer, locomotion, hygiene</li><li>• Is verbally or physically abusive, wanders, is socially inappropriate, resists care</li><li>• Has difficulty with memory, decision-making and/or making oneself understood</li><li>• Has a history of falls</li><li>• Has difficulty managing medications</li><li>• Has difficulty with meal preparation</li><li>• Has pressure/stasis ulcers</li><li>• Has difficulty swallowing</li><li>• Is not functioning safely in the current environment</li></ul> <p style="text-align: center;"><b>OR</b></p>

**Assisted Living Services for High Risk Seniors Policy, 2011  
(A Supportive Housing Program)**

Profile #2

a) The applicant:

- i) does not have an informal caregiver, or
- ii) has an informal caregiver, who may or may not be living with the applicant, but the informal caregiver is unable to provide the required support.

AND

b) The applicant has a Cognitive Performance Scale of 0 or 1. Applicants fitting this profile would typically have a combination of some or all of the following:

- Cognitively intact or borderline intact
- No or limited difficulty with short term memory
- No or limited difficulty with cognitive skills for daily decisions making
- No or limited difficulty making oneself understood
- Difficulty eating.

AND

c) The applicant has an IADL Capacity Scale of 5 or 6. Applicants fitting this profile would typically have a combination of some or all of the following:

- May need assistance with meals preparation
- May need assistance with ordinary housework
- May need assistance with using the phone

**OR**

Profile #3

a) The applicant:

- i) does not have an informal caregiver, or
- ii) has an informal caregiver, who may or may not be living with the applicant, but the informal caregiver is unable to provide the required support.

AND

b) The applicant has a Cognitive Performance Scale of 2+. Applicants fitting this profile would typically have a combination of some or all of the following:

- Mild to moderate cognitive impairment
- Mild to moderate difficulty with short term memory
- Mild to moderate difficulty with cognitive skills for daily decisions making
- Mild to moderate difficulty making oneself understood
- Mild to moderate difficulty eating

AND

c) The applicant is assessed as being no more than "occasionally incontinent" as that term is as defined by the RAI instrument

## **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

### **7.0 Service Maximums**

Persons receiving assisted living services shall not receive more than a combined maximum of 180 hours of personal support, homemaking and professional services<sup>4</sup> per month.

To ensure that the client's level of care is within the assisted living service maximum, the approved agency must keep a record of all professional hours provided by a CCAC (if any).

### **8.0 Service Locations: Designated Geographic Service Areas**

Subject to the exception for retirement homes noted below, eligible high risk seniors shall only access assisted living services in their homes if they reside within a designated geographic service area (also known as a "hub"). Clients may reside in the hub in a variety of settings. These settings include private sector or non-profit housing such as individual single family homes, townhouses, condominiums, housing co-operatives or traditional social housing buildings/ apartments. However, high risk seniors who reside in retirement homes within the meaning of the *Retirement Homes Act, 2010* shall not be eligible to receive assisted living services.

Each LHIN shall be responsible for determining and approving the hub(s) within their specific geographic area. To be designated as a hub, the LHIN shall determine that the geographic service area meets the following criteria:

- **Safe:** The geographic service area shall have approved agencies with sufficient resources to respond to unscheduled calls from clients who require the immediate provision of personal support, homemaking and security checks or reassurance services. LHINs shall determine the allowable safe response time that shall be met by the approved agencies in order to minimize any harm to clients.
- **Quality:** The geographic service area shall have approved agencies that are able to attract and retain PSWs in order to achieve a predictable and reliable staffing arrangement for service continuity and quality client care.
- **Integrated:** The geographic service area shall have approved agencies that are prepared to establish linkages with existing primary care service providers.
- **Efficient:** The geographic service area shall have a sufficient number of high risk seniors to provide for operational efficiencies relative to other available service delivery options (e.g. congregate and facility care).

### **9.0 Roles and Responsibilities for Service Delivery**

Delivery of assisted living services for high risk seniors aligns with the legislative framework for approved agencies and CCACs (*HCCSA, 1994* and *CCAC Act, 2001*). Only two service delivery models shall be used to implement this policy (Models A and B). In Model A, an approved agency, other than a CCAC, shall provide the assisted

---

<sup>4</sup> Only CCACs are approved to provide professional services.

**Assisted Living Services for High Risk Seniors Policy, 2011  
(A Supportive Housing Program)**

living services. In Model B, the CCAC and another approved agency shall share the responsibility to provide the assisted living services. Respective responsibilities are set out below in the Model Tables. The choice of the delivery model rests with the LHIN. LHINs shall consult with their community providers and stakeholders when determining which model(s) to implement in their communities.

***Model A - The Non-CCAC Approved Agency Model***

In this model, an approved agency (other than a CCAC) shall be responsible for all the functions involved in the provision of assisted living services.

**Model A:**

<b>Key Functions</b>	<b>Responsibilities</b>
Assessment of requirements	Approved Agency <sup>5</sup>
Determination of eligibility	Approved Agency
Waitlist management	Approved Agency
Development of plan of service that sets out amount of service	Approved Agency
Co-ordination of services	Approved Agency
Review requirements and revise plan of service	Approved Agency
Provide Service	Approved Agency

***Model B - The Mixed CCAC and Approved Agency Model***

In this model, both the CCAC and an approved agency shall have roles and responsibilities for the delivery of assisted living services.

**Model B:**

<b>Key Functions</b>	<b>Responsibilities</b>
Assessment of requirements	CCAC
Determination of eligibility	CCAC
Waitlist management	CCAC
Development of plan of service that sets out amount of service	CCAC
Co-ordination of services	Approved Agency <sup>6</sup>
Review requirements and revise plan of service	Approved Agency
Provide Service	Approved Agency

<sup>5</sup> In this Model A, all references to an “approved agency” do *not* include CCACs.

<sup>6</sup> In this Model B, all references to an “approved agency” do *not* include CCACs.

**Assisted Living Services for High Risk Seniors Policy, 2011  
(A Supportive Housing Program)**

## **10.0 Expectations for Key Service Delivery Functions**

### **10.1 Client Involvement, Preferences and Consent**

Approved agencies shall provide clients, their substitute decision-makers, if any, and any persons designated by them the right to participate fully in the development, evaluation and revision of a plan of service.<sup>7</sup> If a client is mentally incapable, decisions relating to the provision of assisted living services can be made on his/her behalf by his/her authorized substitute decision-maker.

Approved agencies shall also take into account client preferences based on ethnic, spiritual, linguistic, familial and cultural factors when developing, evaluating and revising the client's plan of service.<sup>8</sup>

Nothing in the HCCSA authorizes an approved agency to assess a person's requirements, determine a persons' eligibility or provide a community service to a person without the person's consent, or the consent of their substitute decision-maker, if any.<sup>9</sup>

### **10.2 Referral and Intake**

Referrals to assisted living services may be made directly through self-referral, hospitals, CCACs, primary care providers, other health professionals, informal caregivers such as family members, neighbours or friends, or community support staff/volunteers. The intake process shall be transparent and publicized within LHIN communities.

If consent is provided by a patient or his/her authorized substitute decision-maker, if any, hospitals shall (wherever possible in collaboration with CCACs):

- Complete an initial scan of admitted patients to determine whether any patients may be high risk seniors
- Notify the organization(s) responsible for the provision of assisted living services in their LHIN to alert them of potential clients
- Forward discharge summaries to the organization(s) responsible for assisted living services and the primary care provider for each client as soon as possible after discharge

---

<sup>7</sup> subsection 22(4) of the HCCSA

<sup>8</sup> subsection 22(6) of the HCCSA

<sup>9</sup> subsection 22(7) of the HCCSA

## **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

### **10.3 Assessment of Requirements<sup>10</sup>**

While the standardized assessment instrument will provide an objective assessment of need and guide the determination of eligibility, the results of the assessment shall include the preferences of the client or his/her substitute decision-maker, if any.

As appropriate, the assessment shall be conducted in the client's home. Approved agencies shall use the InterRAI common assessment instrument.

### **10.4 Eligibility<sup>11</sup>**

Subject to the client's availability, the approved agency shall begin to assess a client for eligibility within 24 hours of receiving notification from the hospital or other referral source of a potential assisted living client.

### **10.5 Availability of Assisted Living Services and Waitlists<sup>12</sup>**

The goal is to have assisted living services available on the day of discharge for hospital in-patients who have been determined eligible for these services.

However, a waitlist shall be developed and managed in the event that the demand for the services is higher than the immediate availability of services. Approved agencies shall rank clients on the waiting list in accordance with the following priorities:

1. ALC seniors waiting for discharge home from hospital shall be ranked first
2. Seniors in the community who may be in imminent need of a higher level of care than can be provided by CCAC regular services and who would otherwise be at high risk of hospitalization or admission to a LTCH shall be ranked second
3. Seniors who are frequent users of emergency room and hospital services shall be ranked third

### **10.6 Development of a Client Plan of Service<sup>13</sup>**

A plan of service shall be developed for assisted living clients in collaboration with the client, his/her substitute decision-maker, if any, and any other person designated by either of them based on the results of the assessment of requirements ([section 10.3](#)). It shall set out the type and amount of assisted living services required, including the frequency and duration of the services that the person shall receive.

The plan of service shall also refer to other community health and social services and health care providers with which linkages will be coordinated for the client, including

---

<sup>10</sup> subsection 22 (1) of the HCCSA and Reg. 386/99 thereunder

<sup>11</sup> subsection 22 (1) of the HCCSA and Reg. 386/99 thereunder

<sup>12</sup> subsection 23 (2) of the HCCSA

<sup>13</sup> subsection 22 (1) of the HCCSA and Reg. 386/99 thereunder

## **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

support for their caregiver(s) ([section 10.7](#)). Linguistic/ cultural needs, the security checks or reassurance services, and discharge considerations ([section 10.9](#)) shall also be included in the plan of service.

Persons receiving assisted living services shall receive no more than a combined maximum of 180 hours of personal support, homemaking and professional services per month.

### **10.7 Co-ordination of Services<sup>14</sup>**

The approved agency shall create an integrated plan of service if the client's assessed needs include services other than personal support, homemaking, and security checks or reassurance services. The integrated plan of service shall specify the services to be provided by the various agencies and/ or health care providers (e.g. pharmacists, primary care services, community support services, CCACs, speciality diabetic clinics, seniors respite services) involved in the client's care.

### **10.8 Review of Care Requirements<sup>15</sup>**

Approved agencies shall informally review the care needs of assisted living clients on an ongoing basis to determine whether the existing plan of service is appropriate and/ or whether adjustments are required. Approved agencies shall conduct a formal reassessment of care requirements on a quarterly basis. The plan of service shall only be revised when the person's requirements change.<sup>16</sup>

### **10.9 Discharge Strategy<sup>17</sup>**

Approved agencies shall only make decisions relating to discharge after conducting a formal review of care requirements ([section 10.8](#)). Approved agencies shall discharge clients who no longer meet the eligibility criteria ([section 6.0](#)).

Prior to discharge, approved agencies shall ensure that alternative services are available through the CCAC or other approved agencies for clients in the following situations:

- Clients whose condition improves such that they no longer qualify as a high risk senior and require a lower level of care than that provided under this policy
- Clients who become too ill to remain at home and require admission to a LTCH or a more complex care environment. Persons waitlisted for a LTCH may be eligible for CCAC personal support and homemaking services at a level that exceeds the standard CCAC service maximums for these services. In addition, these persons may be given urgent priority status.

---

<sup>14</sup> subsection 22 (3) of the HCCSA

<sup>15</sup> subsection 22 (2) of the HCCSA

<sup>16</sup> subsection 22(2) of the HCCSA

<sup>17</sup> subsection 22 (1) of the HCCSA and Reg. 386/99 thereunder

## **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

Approved agencies shall involve the client and his/her substitute decision-maker, if any, when making discharge decisions.

### **11.0 Qualifications of Approved Agencies**

Agencies shall only be approved to provide services under the HCCSA if they meet the eligibility criteria set out in the HCCSA.<sup>18</sup> LHINs shall review the agencies that are being proposed to provide assisted living services and make a recommendation to the Director, LHIN Liaison Branch of the Ministry of Health and Long-Term Care as to whether these agencies meet the eligibility criteria.

The following are the eligibility criteria and how they shall be met:

1. The agency, with financial assistance under the HCCSA, 1994 will be financially capable of providing the service. The agency:
  - Shall demonstrate that it is in good financial standing
  - Shall provide all planning, funding and accountability documents to the LHIN in a timely fashion.
  
2. The agency is or will be operated in compliance with the Bill of Rights set out in section 3 of the HCCSA, 1994 and will act with competence, honesty, integrity, and concern for the health, safety, and well being of the persons receiving the service. The agency:
  - Shall demonstrate that it has the staff, expertise and capacity to deliver the required nature and level of services associated with this policy as set out in the client/ caregiver plan of service section of this policy (section 10.6)
  - Shall demonstrate that it is able to provide assisted living services on the day of discharge for clients coming home from hospital
  - Shall have explicit complaints, appeals and abuse prevention policies
  - Shall demonstrate the ability to collect and report data on clients and provide documentation of all services delivered
  - Shall have a performance improvement system and a reporting mechanism to its Board of Directors
  - Should have linkages with other community partners, including primary care professionals, to ensure necessary partnerships are in place to meet the ongoing care needs of the client or have a plan to achieve same.

Upon receiving the recommendation from the LHINS, the Director, LHIN Liaison Branch of the Ministry of Health and Long-Term Care may approve an agency to provide assisted living services. LHINS shall review the status of approved agencies as an integral part of the renewal of service accountability agreements every two years.

---

<sup>18</sup> section 5 of the HCCSA

# **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

## **12.0 Client Protections and Safeguards**

### **12.1 Complaints and Appeals Process<sup>19</sup>**

Approved agencies shall inform their clients about all of the following:

- The services they are providing to them
- The client's Bill of Rights<sup>20</sup>
- The procedures for making complaints or suggestions relating to the approved agency or its service providers
- How to request access to a record of personal health information
- How to appeal decisions made by approved agencies

Approved agencies shall report to the LHINs the number of assisted living client complaints received and how they were resolved at a frequency to be determined by the LHINs. The LHINs shall provide this information to the MOHLTC through the Integrated Health Services Plan and quarterly reports.

### **12.2 Client Tenancy Issues and De-linked Services**

Clients receiving assisted living services in designated buildings may be subject to eviction proceedings. Notwithstanding any such proceedings, approved agencies shall maintain the provision of assisted living services to these clients until these matters are resolved.

The Ministry continues to encourage de-linked service arrangements where services are delivered to clients who live in social housing.<sup>21</sup>

## **13.0 Funding**

### **13.1 Funding of Assisted Living Services**

The source of funding for assisted living services shall come from the LHIN's negotiated annual allocation, either one-time or base. The funding level should be sufficient to deliver the hours of service consistent with the service delivery targets set by each LHIN.

Paymaster (flow-through) arrangements should be avoided. They are only acceptable when the third party does not have a service accountability agreement signed with the LHIN or the MOHLTC (e.g. provincial programs).

---

<sup>19</sup> subsection 25 (2) of the HCCSA and sections 39 through 48 of the HCCSA

<sup>20</sup> section 3 of the HCCSA

<sup>21</sup> De-linking services means that the health services provider is **not** the provider of housing. De-linking can be demonstrated by an independent Board governing health services provision where a housing provider wishes to offer health services.

## Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)

### 13.2. Reporting Standards

A unique MIS code shall be used to report assisted living services activity by resident days. This MIS code shall only be used for clients served under this policy. The code is as follows:

- **Primary code FC 72 5 82 45 CSS IH COM – Assisted Living Services**
- **Secondary Code 955 80 22 CSS – Individuals Served – High Risk Senior.**

The 955 80 22 CSS code is defined as *“the number of individuals receiving assistance or supervision to perform routine activities of daily living safely or independently, and meet the characteristics and ranges for a high risk senior as defined in the Assisted Living Services for High Risk Seniors Policy, 2011”*.

Clients grandfathered from the ALSSH policy, 1994 can continue to be reported under the same primary functional centre code of FC 72 5 82 45 CSS IH COM – Assisted Living Services along with the appropriate secondary statistical codes on client types below OR report the activity under the codes for the relevant program, such as Acquired Brain Injury or homemaking.

**Table 2**

<b>Secondary Statistical Accounts (these are reported under a primary functional centre account)</b>		
<b>955 80 10</b>	CSS - Individuals Served – Physically Disability	The number of individuals who require assistance to perform routine activities of daily living as a result of a physical disability, including a sensory impairment.
<b>955 80 15</b>	CSS - Individuals Served – Cognitive Impairment	The number of individuals who require assistance or supervision to perform routine activities of daily living safely or independently as a result of cognitive disorder, such as Alzheimer Disease, or a related dementia.
<b>955 80 20</b>	CSS - Individuals Served – Frail and/or Elderly	The number of individuals who require assistance or supervision to perform routine activities of daily living as a result of impairment or loss of functional abilities due to aging.
<b>955 80 25</b>	CSS - Individuals Served – Living with affects of HIV/AIDS	The number of individuals who require assistance or supervision to perform routine activities of daily living as a result of impairment or loss of functional abilities as a result of HIV or AIDS.

### 13.3 Realignment of Funds

LHINs shall retain the discretion to re-allocate all funds, with the exception of dedicated funding specified in Ministry-LHIN accountability agreements. Accordingly, there shall be no restriction on LHINs with respect to re-allocation of all assisted living funding to/

## **Assisted Living Services for High Risk Seniors Policy, 2011 (A Supportive Housing Program)**

from approved agencies. LHINs shall ensure that appropriate documentation is in place, prior to requesting re-allocations in the Allocation Payment Tracking System. The Ministry will continue to monitor the allocations and expenditures by LHINs, by sector.

### **14.0 Performance Management**

#### **14.1 Accountability**

Accountability for the funding provided to approved agencies to provide services under this policy shall be included in the service accountability agreements between approved agencies and their LHIN. LHINs shall report back to the Ministry through the quarterly LHIN Liaison Branch review process and through joint MOHLTC/LHIN evaluations.

#### **14.2 Performance Measurement**

Each LHIN shall develop a performance measurement framework relating to assisted living services in conjunction with their approved agency. LHINs shall report on service *inputs* and *outputs/deliverables*. Both LHINs and approved agencies shall report on *outcomes* (the level of performance or achievement). Approved agencies shall ensure that service delivery is *effective*, *efficient* and *client-centred*. The Ministry and the LHINs have joint responsibility to develop operational definitions and technical specifications for each indicator.

#### **14.3 Timeline for LHIN Performance Management**

In order to monitor performance improvement within each LHIN and to inform policy evaluation, the LHINs shall comply with the following timeline for the first three years of the policy:

- By the end of Year 1, LHINs shall determine performance baselines for assisted living services
- By the end of Year 2, LHINs shall report on their business improvement practices and the number of assisted living services clients served
- By the end of Year 3, LHINs shall report on their performance improvement relative to the Year 1 baseline targets

### **15.0 Policy Review Process**

This policy will be reviewed by the MOHLTC no later than thirty-six (36) months after its effective date. An earlier review may be triggered in the following circumstances:

- Legislative or regulatory changes are made that directly affect this policy
- LHINs and their stakeholders identify challenges and barriers to the implementation of this policy
- A decision by the MOHLTC or a request by a majority of the LHINs to revise the policy
